

FIREFIGHTER

Department: Fire Department

Salary Classification: Hourly

Supervisor: Fire Captain

FLSA Status: Non-Exempt

Revision Date: 6/12/2024

NCLM Position Code: 30090

General Statement of Duties:

Performs responsible fire suppression, rescue, emergency medical and incident response activities; drives and operates fire apparatus.

Distinguishing Features of the Class:

An employee in this class participates in the operations of fire suppression and incident response and operations at the fire station. The employee participates in incident response, including emergency medical service, operation of fire apparatus, firefighting, technical rescue, hazardous materials response/mitigation, and equipment and facilities maintenance. The employee also participates in incident response and fire suppression training. Work requires that the employee stay abreast of state-of-the-art fire suppression and rescue procedures, techniques, and equipment and requires the employee to incorporate the necessary changes into in-service training. The ability to make effective decisions under pressure is required in all aspects of work, particularly in operating apparatus during fire response. The employee is subject to the hazards associated with incidence response work including working in inside and outside environments, in extreme hot and cold temperatures, loud noise, vibration, moving parts, high heat, chemicals, fumes, odors, dusts, gases, poor ventilation, oils, wearing respirators, and working in close quarters. The employee is also subject to the final OSHA standards on bloodborne pathogens. Work is performed under regular supervision and is evaluated through observation, conferences, and written reports concerning the quality and effectiveness of work completed.

Duties and Responsibilities

Essential Duties and Tasks:

1. Participates in incident response including firefighting operations, operation of fire apparatus, and other equipment as required; responds and participates in remediation activities of chemical spills, hazardous materials, and other related incidents; responds to emergency medical incidents and provides Emergency Medical Technician services; responds to technical rescue calls operating various pieces of equipment.
2. When needed and qualified, drives apparatus to incident scene; properly places apparatus to establish water supply or other needs; ensures proper operation and pressure of hoses; issues equipment and monitors radio traffic for necessary response; returns fire apparatus and related equipment to service after incident response.
3. When needed and qualified, responds to emergency medical calls as an EMT Basic to provide the highest level of care to patients.
4. Inspects station and equipment for proper appearance and condition; maintains equipment and re-stocks supplies as needed.
5. Performs maintenance and cleaning of fire apparatus, equipment, station building, and related facilities.

6. Assists with the preparation fire reports; participates in special projects as required; participates in training, fire pre-planning, fire inspections, fire education and prevention programming, mechanic maintenance and repair and testing of hose, pumpers and hydrants and other related activities.
7. Participates in training on shift and when required on other occasions.

Additional Job Duties:

Performs related duties as required.
