Planning Board
Monday the 27th of March 2023
Staff Report

Subject: CD-PUD (Conditional District-Planned Unit Development)

Case #: ZO-23-02

Project Address: TBA N Salisbury Ave./Stokes Ferry Rd.

Project Tax Parcel#: 066 047

Property Owners: Florence Sifford Heirs

Applicant: Belle Realty Development Inc. (Wallace Realty)

Current Zoning: RL (Residential Low Density) & OI (Office & Institutional)

Action Date: Planning Board- April 3rd, 2023

Request: Rezone from RL & OI to CD-PUD with Site Plan

Background

The heavily wooded 68.64 acre parcel (066 047) is set between N. Salisbury Ave., Dunns Mountain Church Road and Stokes Ferry Road, near the primary north entrance corridor at the north entrance of Granite Quarry. The site plan submitted with this application is the 6th submission of this proposed development. Previous plans consisted of townhomes but were unable to meet the ordinance.

Site Description

The parcel is undeveloped, wooded and appears to have a blue line stream crossing the property. The surrounding parcels are primarily RL (Residential Low Density) except for a few OI (Office & Institutional) uses off of Mayor Ponds Road. Although it is in close proximity to US-52, there are several vacant parcels situated in front of this parcel along US-52, meaning that this development has no developable street frontage on US-52.

Plan Summary

It is proposed to have entrances off N Salisbury Ave. by Mica Lane and Stokes Ferry Road. There will be 237 units, with 137 Single Family Homes (58%) and 50 Duplex buildings totaling 100 units (42%). The applicant has applied for the parcel to be rezoned from RL & OI to a CD-PUD

(Conditional District-Planned Unit Development), this allows for flexibility and variety of units. Flexibility is defined by specific lot dimensions and setbacks laid out in Unified Development Ordinance (UDO). It is also worth noting that this parcel has a stream and it is proposed to be crossed by a road and bridge/culvert.

Considerations

2000 COMPREHENSIVE LAND USE PLAN Update:

PLANNING PROCESS BREAKDOWN pg. 20-21

2. North Salisbury Avenue Corridor- Running from downtown Granite Quarry to the Town's contiguous border with northern neighbor Salisbury, this corridor could become the Town's grand entrance boulevard.

In addition to the geographic areas, specific issues were identified for examination as follows:

2. Strategic Properties located in and around Town including:

d. N Salisbury Ave Commercial Property- A large, undeveloped property bounded by US Highway 52 on the west and Stokes Ferry Road on the east, to be bisected by the proposed Highway 52 Bypass; location, location, location will make this one of the Town's premier commercial properties.

POLICIES pg. 28-30

Policy (2.2) Building locations, buffering and berms should be used as required for new development to protect existing vistas important to the Town's "small town" and rural image.

Policy (8) The continued viability of single-family homes as a major housing source should be encouraged.

Policy (8.1) Housing of different types, sizes and price points should be encouraged to meet the diverse needs of our evolving community. Multi-family housing should be considered in all areas of the Town when developed to a level appropriate to the surrounding neighborhoods.

Policy (9) Innovative and flexible land planning techniques should be supported as a means of encouraging development configurations which are more desirable, and which may better safeguard existing natural land and water sources.

Policy (9.1) Large land tracts should be preserved through the use of innovative and flexible land use planning specifically found in the Planned Unit Development (PUD) process.

Policy (10) The housing needs of the elderly, handicapped and low to moderate income households should be particularly recognized in the Town's policies and actions regarding residential development. *Policy (17)* Provisions of open space and recreation facilities in private development should be encouraged to complement the demand for publicly financed facilities.

PART II - CODE OF ORDINANCES, APPENDIX A UNIFIED DEVELOPMENT ORDINANCE:

CHAPTER 3. - ZONING DISTRICTS

3.2.11 Planned Unit Development (PUD) District.

The purpose of a Planned Unit Development is to plan and promote neighborhoods that embody variety, innovation, and flexibility in development by allowing a variety of uses, lot sizes, dwelling unit types, and design requirements. PUD districts shall only be considered as Conditional Districts.

3.5.3 PUD Conditional District.

3.5.3.1 Purpose.

The purpose of a Planned Unit Development (PUD) is to plan and promote neighborhoods that embody variety, innovation, and flexibility in development by allowing a variety of uses, lot sizes, dwelling unit types, and design requirements. PUD districts shall only be considered as Conditional Districts. The intent of a PUD is to:

- Permit a creative approach to the development of land;
- Provide for an efficient use of land;
- Enhance the appearance of neighborhoods through preservation of natural features;
- Provide for recreational areas and open space where appropriate.

3.5.3.3 Uses.

A. Any single use or combination of uses as seen in the Permitted Uses Table, with the exception of the LI and HI districts, are allowable within a PUD, provided that the proposed PUD does not conflict with the Town's Comprehensive Plan or Unified Development Ordinance.

B. The majority of the total development acreage shall be single-family, detached with a density not to exceed an average of four (4) units per acre. Common open space shall comprise at least 15 percent of the total development acreage. The remaining acreage may consist of additional single-family (not to exceed an average of four (4) units per acre), multi-family (not to exceed an average of 15 units per acre), commercial, or civic uses.

3.5.3.4 Dimensional Requirements.

Dimensional requirements within a PUD are as follows:

	<i>Minimum Lot Size</i>			<i>Minimum Setbacks</i>			<i>Maximum Structure Height (feet)</i>
	<i>Min. Lot Area (sq. ft.)</i>	<i>Min. Lot Width (feet)</i>	<i>Min. Street Frontage (feet)</i>	<i>Front (feet)</i>	<i>Side (feet)</i>	<i>Rear (feet)</i>	
<i>Single-Family Detached</i>	n/a	50	25	15	6	20	40
<i>Multi-Family</i>	n/a	n/a	25	15	6	20	40
<i>Other Uses</i>	n/a	n/a	25	0-15	6	20	40

3.5.3.5 Other Requirements.

- A. All uses within a PUD are subject to the Parking and Loading Requirements in Chapter 9.
- B. Signs will be regulated under Chapter 6.
- C. Landscaping shall be regulated subject to the requirements set forth in Chapter 8.

CHAPTER 9. - PARKING

Sec. 9.2. - Parking ratios.

9.2.1 Parking Ratios by Use.

- A. The following are minimum parking ratios for the uses indicated:

<i>Use</i>	<i>Minimum</i>
Single-Family & Two-Family Residential (Attached & Detached)	2 per dwelling unit

Summary

Due to the predominance of this key location near an entrance corridor, this proposed development will have a significant impact on Granite Quarry. This parcel was identified in the Comprehensive Plan as a key strategic property ideal for commercial use. If rezoned and used for only residential use, this would drastically decrease the available area for future commercial developments and would eliminate plans for the 52 bypass, as it cuts through this parcel.

Staff Recommendation

Although the development supplies an amenities center, parks, guest/over-flow parking, and sidewalks throughout; safe issues remain a substantial concern throughout the layout of the development. Proposed driveways are too short to accommodate various sizes of vehicles and the number of vehicles backing into the streets creates potential safety hazards. Additionally,

hardscape is estimated at 62.5% in front of Duplexes, blocking front doors and creating a sea of vehicles and asphalt. Rear loaded duplexes, by means of an alley, would better accommodate parking requirements and concerns. Additionally, alleys could also be used in some of the SFH to create a better design layout to help declutter the streets from vehicles.

As a reminder, conditions may be placed on this project prior to any approval/recommendation and/or a revised site plan.

Condition Considerations:

- The length of the driveways to garages to be a minimum of 25'
- Duplexes to be rear-loaded by alley access
- Cap Unit density at 237 units
- Suggest enhanced landscaping with trees be planted in the common areas. Example: One (1) tree per 500 square feet of gross surface area.
- All Streets must comply with NCDOT Subdivision Standards
- Right of Ways must not cut across any parking spaces
- Street parking is to be parallel and within the Right of Way
- Standing Curb & Gutter is to be used
- Accessory structures to be capped at 100sf & setbacks to follow RL Districts

Required Action

In reviewing the Rezoning application (including the master plan and any conditions), the Planning Board may decide one of the following actions:

- Recommend the CD-PUD application, as presented; or
- Recommend the CD-PUD with conditions; or
- Recommend Denying the CD-PUD application; or
- Make no recommendation (application would then transmit to Board of Aldermen with no Planning Board recommendation).

Suggested Motions with Statement of Consistency and Reasonableness

A suggested motion for recommendation would be: 1) “The Planning Board recommends the approval of the Rezoning request #Z0-23-02 for the parcel identified as Rowan County Tax Parcels 066 047 from RL & OI districts to CD-PUD (or “With Added Conditions...”). The Granite Quarry Zoning Map will be amended to designate CD-PUD (Conditional District-Planned Unit Development) District.

This recommendation is consistent with Granite Quarry Unified Development Ordinance; and the Granite Quarry Comprehensive Land Use Plan; is a reasonable request; and is in the public interest of the Town of Granite Quarry.”

A suggested motion to deny or make no recommendation (pick one) on the Rezoning request #Z0-23-02: 1) "The Planning Board recommends to deny (or make no recommendation) on the Rezoning request for the parcel identified as Rowan County Tax Parcels 066 047 to the Town Board because..... (Add verbiage such as the rezoning request is not consistent with the Granite Quarry UDO; or the Granite Quarry Comprehensive Land Use Plan; with details such as action constitutes "xxxxxxx").
